EYFS - Music in the Foundation Stage

The Area of Learning and Development in Foundation Stage which links to Music in KS1 and 2 is **Expressive Art and Design** particularly **Being Imaginative and Expressive**. By the end of their time in Foundation Stage children who have reached the expected level of development will

- Sing a range of well-known nursery rhymes and songs;
- Perform songs, rhymes, poems and stories with others, and – when appropriate – try to move in time with music.

In our Foundation Stage children have the opportunity to sing every day. We develop skills of listening and sound discrimination during phonics in FS1. Children are taught simple call and response songs as well as a range of traditional and contemporary songs and rhymes. Children are given opportunity to sing solo to an audience of their peers if they feel confident or to sing a small phrase as part of a listening game. Children have the opportunity to manipulate their voices for different effects (eg big giant voice, tiny squeaky voice) and are helped to identify the pulse and the rhythm in music through using body percussion and untuned percussion. Children are taught the names of untuned percussion instruments, as well as simple techniques to use and handle the instruments appropriately. Children are taught rhyme as part of phonics and many enjoy making up their own songs and rhymes and sharing them with an audience. Children have the opportunity to respond and move to music with movement during the year. They enjoy making patterns to music as part of 'scarf dancing' which is used as a tool to develop early handwriting. During 'scarf dancing' they are encouraged to listen to the music and say if it is fast, slow, if it makes them feel happy or sad etc. A range of classical and contemporary music is used during these 'scarf dancing' sessions.

Ideas to support music in EYFS from the new curriculum 2021 - Development matters

Listen attentively, move to and talk about music, expressing their feelings and responses.	<p>Give children an insight into new musical worlds. Introduce them to different kinds of music from across the globe, including traditional and folk music from Britain.</p> <p>Invite musicians in to play music to children and talk about it.</p> <p>Encourage children to listen attentively to music. Discuss changes and patterns as a piece of music develops.</p>
Watch and talk about dance and performance art, expressing their feelings and responses.	<p>Offer opportunities for children to go to a live performance, such as a pantomime, play, music or dance performance.</p> <p>Provide related costumes and props for children to incorporate into their pretend play.</p>
Sing in a group or on their own, increasingly matching the pitch and following the melody.	<p>Play pitch-matching games, humming or singing short phrases for children to copy.</p> <p>Use songs with and without words – children may pitch match more easily with sounds like 'ba'.</p> <p>Sing call-and-response songs, so that children can echo phrases of songs you sing.</p> <p>Introduce new songs gradually and repeat them regularly.</p> <p>Sing slowly, so that children can listen to the words and the melody of the song.</p>
