Intent, Implementation and Impact Statement

Intent

History has always been held in high regard at St. Charles' VC Academy. We pride ourselves on our creative learning environment and classroom displays. The history curriculum at St. Charles' makes full use of resources within the immediate and wider local area using the near, far model, enabling children to develop a deep understanding of the history of their locality.

Topics are informed by the national curriculum and are sensitive to children's interests, as well as the context of the local area. The history curriculum at St. Charles' is carefully planned and structured to ensure that current learning is linked to previous learning and that the school's approaches are informed by current pedagogy. The teaching of historical concepts is a fundamental part of our History curriculum. They are taught alongside the knowledge content, to allow children to analyse and interpret history. They are woven throughout the year groups to allow children to build upon and make connections with their prior learning, knowledge and skill to allow for a deeper understanding of the subject, ensuring children know more, remember more and can do more.

In addition, certain principles such as the use of evidence and interpretations of the past should feature in every topic as they are fundamental to understanding the past. In line with the national curriculum 2014, the curriculum at St. Charles' aims to ensure that all pupils: Gain a coherent knowledge and understanding of Britain's past and that of the wider world which helps to stimulate pupils' curiosity to know more about the past; Are encouraged to ask perceptive questions, think critically, weigh evidence, sift arguments, and develop perspective and judgement; Begin to understand the complexity of people's lives, the process of change, the diversity of societies and relationships between different groups, as well as their own identity and the challenges of their time

Implementation:

History is taught in blocks throughout the year, so that children achieve depth in their learning. Consideration has been given to ensure progression across the substantive and disciplinary knowledge for each topic from EYFS to year 6, as well as progression in concepts such as Society, Religion and Belief, Conflict and Invasion and Power.

By the end of year 6, children will have a chronological understanding of British history from the Stone Age to the present day. They are able to draw comparisons and make connections between different time periods and their own lives. Interlinked with this are studies of world history, such as the ancient civilisations of Greece and the Egyptians.

Cross curricular outcomes in history are specifically planned for, with strong links between the history curriculum and literacy lessons enabling further contextual learning. The local area is also fully utilised to achieve the desired outcomes, with extensive opportunities for learning outside the classroom embedded in practice. Planning is informed by and aligned with the national curriculum. Consideration is given to how greater depth will be taught, learnt and demonstrated within each lesson, as well as how learners will be supported in line with the school's commitment to inclusion. Outcomes of work are monitored to ensure that they reflect a sound understanding of the key identified knowledge. Within our knowledge-rich approach, there is a strong emphasis on people and the community of our local area.

The Early Years Foundation Stage (EYFS) follows the 'Development Matters in the EYFS' guidance which aims for all children in Foundation Stage to have an 'Understanding of the World; people and communities, the world and technology' by the end of the academic year.

Impact:

Outcomes in history books, evidence a broad and balanced history curriculum and demonstrate the children's acquisition of identified key knowledge. Children review the agreed successes at the end of every session and are actively encouraged to identify their own target areas, with support from their teachers. Children are also asked what they have learned comparative to their starting points at the end of every topic.

Emphasis is placed on analytical thinking and questioning which helps pupils gain a coherent knowledge and understanding of Britain's past and that of the wider world and are curious to know more about the past. Through this study, pupils learn to ask perceptive questions, think critically, weigh evidence, sift arguments, and develop perspective and judgement. Regular school trips provide further relevant and contextual learning

Curriculum Planning

Long Term Plan

	Autumn Hull focus	Spring	Summer
Year 1	Changes in transport/local area	Space Travel	Kings, Queens and Castles
Year 2	Amy Johnson	Great Fire of London	Florence Nightingale
Year 3	Changes in the city	Stone Age – Iron Age	Ancient Civilisations: Egyptians

Concept Mapping

Across the history curriculum, children will be introduced to 4 main historical concepts: Society, Religion and Belief, Conflict and Invasion and Power.

Within these overarching concepts, other threads will be taught and built upon. Through the development of these concepts, children will have the tools to retrieve information from within their current history topic but also draw comparisons and recognize differences from across other periods of time studied.

Early Years

St Charles' VC Academy Early Year Foundation Stage History Supported by the Historical Association

In the Early Years Foundation Stage, children begin to learn that as they grow up they are increasingly able to do more things for themselves independently. This emerging knowledge and understanding can be used to explore crucial early historical skills.

Many children within the EYFS will have younger and/or older siblings, who they will see being involved in activities at a different level. This can be used to extend the children's learning and understanding of themselves and the world around them. By the time children are in Reception, they will be increasingly aware of the changes in routines during different times of the day and seasons of the year. These changes in time have an impact on what activities they can do (sleep, eat, play, home, holidays, etc.), as well as what they wear and what they celebrate.

This series of learning activities is aimed to bring together a number of key learning areas that are within the revised 2021 EYFS framework for one specific area: **Understanding the World**.

<p>Structure These units are structured around three history enquiries that link to a number of prime and specific areas of the <i>Development Matters</i> Early Years Foundation Stage statements:</p> <ol style="list-style-type: none"> 1. How have I changed since I was a baby? (within Let's find out All About Me) concepts returned to throughout the year 2. Why do we wear different clothes during the year? 3. What are our favourite celebrations each year? <p>(units 2 and 3 should be taught throughout the year in given context)</p> <p>Provision should include: Timetable, calendar, books, seasons, birthdays, celebrations visual, growing plants, displays</p>	<p>The EYFS framework (2021) states that Understanding the World requires children to make sense of their physical world and their community.</p> <p>This scheme of work achieves this by putting the individual child and their home and learning environments at the centre of the enquiry-led projects.</p> <p>Links to stories suggested within the unit will foster a child's understanding of our culturally, socially, technologically and ecologically diverse world, as well as help to develop domain-specific language.</p> <p>These enquires will be taught through direct, adult led teaching and further opportunities within the continuous provision.</p> <p>They will be given opportunities to retrieve knowledge through skilful interactions within the setting.</p>
---	---

Development of Concepts across the EYFS from Nursery to Reception

There are certain key ideas that are important for children of all ages and abilities to acquire, namely:

- Time passes in sequential order.
- There is key vocabulary associated with the passage of time.
- Time changes us all.

Older children within our setting/more able children could demonstrate a more in-depth understanding of these concepts by:

- Having more independence in exploring artefacts and using them in their own imaginative play.
- Being able to sequence stories.
- Developing the concept of cause and consequence to moderate their own behaviour and see how their behaviour can impact on others.

2	Know what is meant by the term famous. Know who Amy Johnson was and that her plane was called Jason	I can place events and artefacts about Amy Johnson on a timeline. I can describe and begin to talk about key events in the life of Amy Johnson.	Children will be able to describe Amy Johnson as a pilot from Hull who had a plane called Jason.	Show children some artefacts/images which link to Amy Johnson, e.g. goggles, plane. Use clues to find out who she is. Look at pictures of Amy Johnson and make inferences about her and why she is famous. Create a timeline of her life.
3	Know that Amy Johnson flew from England to Australia.	I can explain some reasons why Amy Johnson flew.	Children will be able to identify London and Australia on a map and know about the journey she took. They will identify why she became a celebrity.	Look at a world map and locate London and Australia. Identify hazards on the journey and how she overcame them. Look at sources which show her fame, e.g. newspaper reports. What made Amy so famous? Make a fact file for Amy.
4	Know that what happened to Amy Johnson is still a mystery.	I can describe and begin to talk about key events in the life of Amy Johnson.	Children will know that Amy Johnson's death is a mystery. They will be able to use evidence to say what might have happened to her.	Explain that Amy Johnson disappeared when she was flying over the Thames and that what happened is a mystery. I can use dates where appropriate. I can explain the causes of the Great Fire of London and what the effects were.	Children will know that the wooden houses of London allowed the fire to spread rapidly. They will know that because there was no fire brigade people put out the fire by pulling down houses. They will be able to name some effects of the fire.	Look again at the buildings of London. How are they made? What can the children say about the way they are built? (So closely together) Why did it spread quickly? Think also about weather (dry, hot and windy) Look at how fires would be put out today. Discuss possible ways to put the Great Fire out. Show images of people with buckets/pulling homes down with hooks etc. Write an instruction leaflet for stopping a the Great Fire.
5	Know some ways that firefighting has changed over time	I can describe what changed after the Great Fire of London and how these changes have continued through to the 21st century.	Children will be able to give examples of how the fire brigade has developed over time.	Invite the fire brigade in to talk about how they help people today. Order images that show the development of the fire brigade, its equipment and uniform.

Enquiry Question:

Was it just men who went to war?

Key knowledge

Concepts: Cause and Consequence

Florence Nightingale and Mary Seacole were nurses who helped soldiers in war.

Florence and Mary lived over 100 years ago.

Florence Nightingale made things better through clean hospitals.

Florence Nightingale was known as the 'Lady with the Lamp'

Mary Seacole was born in Jamaica

Mary Seacole overcame challenges to help the soldiers.

Vocabulary

Crimea

A country in Europe where British soldiers were sent to fight in a war.

Field hospital

A hospital that is on a battlefield

Soldiers

People who fight for their country in the army.

Battle

A fight between two armies using weapons

Prejudice

A feeling about a person because of where they come from or their religion

Hygiene

2	Florence Nightingale and Mary Seacole were nurses who helped soldiers during the war. Florence and Mary lived over 100 years ago Florence Nightingale was known as the 'The Lady with the Lamp'	I can place events, artefacts and people on a timeline. I can begin to use some dates where appropriate. I can describe events from the life of Florence Nightingale and explain why they are important. I can name a famous nurse.	Children will know that Florence Nightingale was a nurse during the Crimean War and that she was known as the Lady with The Lamp.	Show children images of Florence Nightingale. What can they infer about her (rich family, . Share information about the life and work of Florence Nightingale and place her in a chronology. Sequence the key events of her life story.
3	Florence Nightingale made the hospitals better through better hygiene and clean bandages	I recognise reasons why Florence Nightingale acted as she did and what the effects of these actions were. I can identify differences between hospitals now and in the past.	Children will be able to give examples of how hospitals were improved through the work of Florence Nightingale. Children will be able to say how soldiers were impacted by her work.	What do we need when we are poorly or in hospital? Think about what helps us to get better. Share BBC Bitesize clip with children. Talk about the ways in which she improved the lives of soldiers at war. Create a poster to show what changes Florence made to the hospitals. Sort before and after pictures.
4	Mary Seacole was born in Jamaica Mary Seacole had to overcome challenges to nurse the soldiers	I can name a famous nurse. I can describe events from the life of Florence Nightingale/Mary Seacole and explain why they are important.	Children will know that Mary Seacole led a very different life to Florence Nightingale. They will be able to describe her in relation to her qualities and characteristics. Children will recognise the challenges facing Mary Seacole and the determination she showed in facing them	As with Florence Nightingale, look at images which show that Mary Seacole was an important figure, (image on £50, plaque on her home etc). Look at key facts about Mary ensuring children understand that she was not a nurse in the same way that Florence was. Look at how she was the same as Florence and how she was different. In what ways were Mary Seacole's experiences similar to Bessie Coleman's?
5	Florence Nightingale and Mary Seacole were nurses who helped soldiers during the war.	I can describe events from the life of Florence Nightingale/Mary Seacole and explain why they are important. 1	Retrieval from last academic year / Half term (Tick and Fix) Complete Brain Buzz to explore what the children already know about our local area in the past Share Knowledge mat for unit and discuss the key knowledge and vocab that they will cover in this unit.			
2	There are different buildings in the town centre today and buildings from different periods of time.	I can distinguish between different sources which show how Hull has changed over time. I can say why the City Centre has changed and the effect this has had on the buildings.	Children will know that over time the architecture and type of buildings changes.	Show children images of different building types and identify how they are the same and how they are different. Look at feature specific to a period time, e.g. Georgian pillars (Museum quarter), Edwardian built in stone and statues on buildings (city hall) etc. Order key buildings in Hull City Centre according to date. Take children on a building hunt in the city centre.
3	Beverley Road and the city centre have changed over time Shops in our local area have changed to reflect cultural diversity.	I can sequence several pictures which show the development of Hull City Centre. I can distinguish between different sources which show how Hull has changed over time. I can describe how the city of Hull has changed over time and what has stayed the same.	Children will be able to place into a chronology images of Hull over time. They will know that some things stay the same and that some things change and the reasons for this.	Using images of the local area and the City Centre, identify the changes over time. In particular, identify how the building along Beverley Road mirror the cultural diversity of our school. Consider why is this important.
4	The city centre used to have a number of docks which now serve different purposes.	I can distinguish between different sources which show how Hull has changed over time. I can say why the City Centre has changed and the effect this has had on the buildings. I can recognise the difference between the past and present in the lives of people from Hull.	Children will know that the docks of Hull were once used for whaling/fishing and trade. They will be able to recognise that due to changes within industry has resulted in most of the docks being used for different purposes: leisure, retail, commercial travel and housing.	Show children images of the docks from different periods of history. Ask them if they can identify different features of the docks. Identify that Hull used to have a thriving fishing industry but as this declined the docks were repurposed. Show images of Queens Gardens, Princes Quay, the Marina, Victoria Dock, St Andrew's Quay, Ferry port etc and compare to their historical counterpart. Match images.
5	Parks have been part of people's leisure activities for hundreds of years.	I can sequence several pictures which show the development of Pearson Park I can say how and why Pearson Park has changed over time.	Children will be able to recognise that Pearson Park has changed over time and identify some of the original features.	Show images of historic artefacts in the park, e.g. Victorian bandstand, monolith to Zachariah Pearson, entrance, statue of Queen Victoria (link to town's statue Victoria Square), drinking fountain, Cupola from old Town Hall etc. Go on a history hunt in the park. Locate and say what they are.

How did settlement change over time?

Key knowledge

Concepts: Society

Know that the first people were hunter-gatherers

Know the Neolithic people learned to farm and could settle

Skara Brae is a neolithic village found in the Orkneys

Must Farm is a Bronze Age settlement and contains roundhouses

In the iron Age, people developed hillforts to defend their land

Vocabulary

Pre-history

The period of time before we had written records

Hunter-Gatherers

People who moved around to hunt or collect food.

Settlers

A person who moves with a group of others to live in a new country or area.

Stone Age

The period in time when stone was widely used to make stone tools with an edge or a point.

Roundhouse

A type of house which is round, often with a cone shaped roof.

Hill fort

A settlement built on a hill to help defend lands

Prior Knowledge-

2	The first people were hunter gatherers The Neolithic people settled and farmed	I can place ages and artefacts in order of time and understand the meaning of their names. I can observe evidence to ask about the past and come to conclusions based on what I have seen. I can suggest causes and consequences of the main events within prehistory such as agriculture	They will begin to understand the lifestyle of the first people and the reasons for their nomadic lifestyle. Children will recognise that in order to settle, people had developed the means of farming. They will recognise features of the first settlements.	Place images of food and animals around the school grounds and task children to find them. Explain that this is how people in the Stone Age lived: they hunted and gathered. Why was this and what problems would that cause – poisonous plants, scarcity dependent on seasons etc. Show children a reconstructed image of a Neolithic farm. What would have to happen before this was possible: development of farming implements, ability to domesticate animals etc.
3	Skara Brae is a neolithic village in the Orkneys	I can place ages in order of time and understand the meaning of their names. I can observe evidence to ask about the past and come to conclusions based on what I have seen. I can discuss how uncovered settlement tells us more about the past.	Children will start to understand how people have gained knowledge of neolithic life through the discovery of artefacts.	Show children the settlement at Skara Brae. What do they think it is? Look at the house. Can they ascertain what was there? Make inferences about the ways in which people lived and how they had begun to develop. Create an advert for a neolithic home using key facts.
4	Must Farm is a Bronze Age Settlement and contains roundhouses	I can place ages in order of time and understand the meaning of their names. I can compare homes in the past and present, I can discuss how uncovered settlement tells us more about the past.	Children will identify changes in settlements over time and how farming developed.	Share with children the findings from Must Farm. Look at the developments from the neolithic period. Consider how life changed for people and why. Using evidence recreate roundhouses and develop a Bronze Age settlement.
5	In the Iron Age people developed hillforts to defend their land	I can place ages in order of time and understand the meaning of their names. I can suggest suitable sources of evidence to find out about significant people/events. I can discuss how uncovered settlement tells us more about the past.	Children will understand that throughout time, people have had to defend their lands. They will recognise features of iron age hill forts and how they were used for defence.	Show children a picture of a hillfort. Decide what it shows and what that tells us about the people living in Iron Age Britain. Ascertain that tribes fought against each other and so hill forts were needed to defend land. Look at position of hillfort and label key features. How do they differ to the castles studied in KS1?

2	Know who the Benin were and where and when they lived.	I can use dates and terms accurately in describing events and people of the Benin Empire.	Children where the Benin Empire was located and when it developed.	Identify where the kingdom of Benin was located in Africa. Look at the dates of the Benin empire and what was happening elsewhere in that time period. Look at key dates and events in the development of the Benin kingdom and organise into chronological order.
3	Obas were the kings of the Benin people Much of what is known about the Benin is from artefacts	I can use sources of evidence to deduce information about what the Benin Empire was like. I can explain the concepts of continuity and change over time. I can describe the characteristic features of the past, including ideas and beliefs.	Children will know that the Obas were rulers of the Benin and that brass heads show the power they held. Children will be able to make inferences about the life and craftsmanship of the Benin people.	Look at photographs of brass heads from the Kingdom of Benin and discuss the information with the children. Ask children to consider what the brass heads can tell us about life in the Kingdom of Benin. Explain that these depicted the power of the Obas. Look at the work of the guilds for the Obas. Share a range of artefacts with the children. Identify how these add to our knowledge of the Edo people. Prepare exhibition cards to show what each art piece represents and tells us about life in Benin.
4	The Benin kingdom grew and trade began with other people	I can use sources of evidence to deduce information about what the Benin Empire was like. I can describe causes of events and their consequences in Benin.	Children will know that the Golden Age of the Benin Empire saw rapid growth. They will know that trade between the Benin and Portugal supported growth.	Look at how the kingdom of Benin grew and that between 1300-1700, was the Golden Age of the Benin. Look at reasons for the growth of the Empire and consider in relation to importance. Look at the trade between the Edo and Portugal. Create a presentation/news report: The Golden Age of the Benin.
5	The Benin empire came to an end when the British army invaded.	I can describe causes of events and their consequences in Benin. I can identify periods of rapid change in history.	Children will know that the Benin Empire was invaded by the British and that this saw the end of its power.	Look at how the British wanted to take control of the Benin Empire. Discuss why this might have been the case, Identify what happened when the British invaded including the theft of Benin treasure. As a class debate whether these treasures should be returned.

Session	Key Knowledge	Key Skills	Outcome	Lesson suggestions / ideas
1	Retrieval from last academic year / Half term (Tick and Fix) Complete Brain Buzz to explore what the children already know about the Home Front during WW2 Share Knowledge mat for unit and discuss the key knowledge and vocab that they will cover in this unit. PROPAGANDA will form part of every lesson related to the key content for that session.			
2	Hull was bombed extensively in 1941 and how people tried to combat this.	I can describe some of the causes and consequences of World War 2.	Children will know that the Blitz caused significant damage to Hull and how people tried to minimise loss of life. They will be able to name some anti-aircraft measures.	Introduce children to the key dates for the Second World War and place in a chronology in relation to other periods studied. Look at a variety of sources: diaries, video, photographs to elicit the reasons for the bombing of England and in particular, Hull. What were the consequences? Find out about the role of the Home Guard and the ARP wardens in helping on the Home Front. Create a fact file: Hull under fire.
3	Operation Pied Piper involved mass evacuation.	I can describe the characteristic features of the past, including ideas, beliefs, attitudes and experiences of men, women and children. I can use sources of information to form conclusions about the past.	Children will recognise how the experience of evacuation differed for children and be able to give some positive and negative consequences.	Look at an image of the Pied Piper. What is happening? Why might this link to events on WW2. Share evidence which looks at the effects of evacuation and identify positive and negative consequences. Using sources, write a detailed recount of experiences.
4	Rationing was introduced to ensure people had sufficient food.	I can describe rationing as a major change within the period of WW2 I can describe some of the consequences of WW2.	Children will recognise the effect that the war had on people in the home front through rationing and ways in which they changed their lifestyles.	Ships are being bombed! Food is scarce. What could the government do? Look at a timeline of rationing alongside the Dig for Victory campaign. Work in groups to develop a strategy for ensuring all people are able to eat.
5	Women had to work in fields and factories to replace men called to war.	I can describe the characteristic features of the past, including ideas, beliefs, attitudes and experiences of men, women and children.	Children will understand that societal norms changed as a consequence of war.	Look at propaganda which encouraged men to enlist. What would that mean for the factories, farms etc? Look at propaganda to encourage women to 'play their part'. Use source material to find out how life changed for women in Britain and what their role was within the Home Front.
6	Produce Double Page Spread to share the knowledge they have learnt during the unit. For lower attaining pupils / SEND learners scaffold should be used to support them to demonstrate their knowledge. Challenges to deepen understanding will be available.

Enquiry Question:

Were the Dark Ages really dark?

Key knowledge

Concepts: Invasion and Conflict Empire Society

There were a number of push and pull factors relating to migration. Scots invaded England from Ireland. England became a place of smaller kingdoms ruled by kings. Artefacts can tell us about what life was like in Anglo-Saxon times. The discovery at Sutton Hoo changed people's understanding of the Anglo-Saxon age. Anglo-Saxons converted from Paganism to Christianity.

Vocabulary

Archaeologist	Someone who studies past lives and human culture
Conquest	To get or overcome by force
Kingdom	An area ruled by a king or queen
Migration	To move from one place to another
Pagan	Someone who worships many gods
Sutton Hoo	A place in Sussex where Anglo-Saxon burial mounds were discovered.

2	Artefacts can tell us about what life was like in Anglo-Saxon times. The discovery at Sutton Hoo changed people's understanding of the Anglo-Saxon age	I can use sources of evidence to deduce information about the Saxons and Vikings. I can discuss whether the evidence is reliable and explain why.	Children will recognise that historical perceptions change with new discoveries and that the Anglo-Saxons were skilled craftspeople.	Introduce the children to the mystery at Sutton Hoo. What do they think the mounds are etc. Show the excavated site. What could it be? Share some of the artefacts found at Sutton Hoo. Children begin to make inferences about the type of person buried at Sutton Hoo and what the artefacts tell us about the Anglo-Saxons.
3	There were a number of push and pull factors relating to migration.	I can describe causes of invasion and settlement of Britain and what the consequences were.	Children will know why the Anglo-Saxons left their homes and came to Britain.	Place the Sutton Hoo burial in its chronological context and relate back to the Romans studied in Year 4. Look at the reasons why the Anglo-Saxons left their home and why Britain was an attractive place to settle. Identify from source material whether the Anglo-Saxons were a united army like the Romans.
4	Scots invaded England from Ireland. England became a place of smaller kingdoms ruled by kings.	I can explain what changed and what continued over time when the Anglo-Saxons settled in Britain. I can discuss bias.	Children will be able to identify the changes in Anglo-Saxon rule through use of evidence.	Look at evidence which helps historians to learn about the Anglo-Saxon period. Look at what this tells us about the people living in Britain. What can we learn from evidence from the time and why might source material from, for example, Roman writers be biased? What can we add to inferences about the mystery of Sutton Hoo?
5	Anglo-Saxons converted from Paganism to Christianity	I can explain what changed and what continued over time when the Anglo-Saxons settled in Britain.	Children will identify changes in religious belief and how these were brought about.	What do we know about religion in the Roman period? Look at source evidence to identify religious practices and how they changed over the course of Anglo-Saxon settlement. What were the reasons for these changes? How does knowledge of religion support/change inferences about Sutton Hoo? Complete Mission Conversion report.

3	Democracy began in Ancient Greece but looked very different to today	I can describe the social, ethnic, cultural and religious diversity of the past.	Children will know the different ways in which the city states were ruled and be able to contrast them with modern day.	Open with a simple vote. What have we done and why do we do this? Look at democracy within Athens – how does it differ to today? Look at the ways in which the other states were governed. Which is fairer?
4	The Olympics began in Ancient Greece to honour Zeus. Religion had an impact on all aspects of Greek life	I can discuss the importance of people and events in time and the significant impact they had on society	Children will know about the origins of the Olympics and contrast with modern times.	Look at images of the Ancient Greek Olympics and match to modern day. Identify how the Olympics are similar in their ideals – peace etc and why they are different. Identify the ways in which religion affected life for the Greeks and compare to other polytheistic religions, e.g. Romans, Anglo-Saxons, Egyptians etc. Create a fact file: Religion in Greece.
5	Alexander the Great ruled over all of Ancient Greece and the empire he acquired.	I can suggest suitable sources for historical enquiry. I can begin to discuss the reliability of sources.	Children will understand that Greece was unified under the leadership of Alexander the Great.	Look back to the divisions within Ancient Greece. Using a range of source material, identify the way in which the Greek empire spread under the leadership of Alexander the Great and its unification. Discuss: Did Alexander deserve the title, 'the great'?

2	Know how slavery has been a part of different cultures and how slaves were treated.	I can sequence events leading up to and including the abolition of slavery on a timeline. I can describe the reasons for the slave trade and its consequences along with its subsequent abolition recognising not all people held these views.	Children will be able to define what a slave is. They will be able to give examples of how they have been treated and the jobs which they did,	Ask children to define what a slave is and what civilisations they already know who have used slaves. Explore sources and discuss who the slaves were, what they were used for. Identify how they were treated during these periods of history. Create page for class book.
3	The Triangular Trade route was between Europe, Africa and the Americas.	I can use relevant terms and dates. I can describe the social, ethnic, cultural or religious diversity of past society.	Children will learn about the triangular trade and how each point on the Atlantic slave trade route benefited from the trade in slaves. Use accounts from slaves at the time to discern what happened.	Begin a timeline - note what was happening at the same time. Identify the triangle of slavery. Using different sources of material look at what was happening at each point on the trade route. Participate in discussions about the start of the slave trade and who they think gained the most from the slave trade. Label Triangle of Trade and what happened.
4	Know that William Wilberforce was instrumental in the abolition of slavery. Know that there were different views held of slavery.	I can consider ways of checking the accuracy of interpretations – fact or fiction and opinion and why these might show bias. I can describe the path to abolition using a range of evidence from different sources. Can compare similarities and differences between the views of abolitionists and anti-abolitionists.	Children will be able to identify how William Wilberforce influenced changes in regards to slavery. Children will be able to state opposing views of abolitionists and slave traders.	Establish opinions of slave traders/owners and abolitionists. Use a variety of sources and sort according to whether they are pro slavery or opposed. Look at the reasons for these: financial, religious, etc. Hold a debate in role as key figure.
5	Understand that the legacy of slavery still impacts on today's society.	I can identify changes in people's views towards slavery and why these happened analysing in terms of social, political and religious reasons.	Children will be able to say how opinion has changed in relation to slavery. Children will begin to show an understanding of the legacy of slavery and its lasting impact.	Look at the life of Edward Colston in relation to the things that he did for the city of Bristol, e.g. charities, schools, public buildings, streets etc named after him. Show image of the statue of him which was erected in Bristol. Share how he made his wealth and ask children to consider whether it is right that he has a statue. Share newspaper reports of the statue being pulled down. Is this right? What can we learn from the past?
6	Produce Double Page Spread to share the knowledge they have learnt during the unit. For lower attaining pupils / SEND learners scaffold should be used to support them to demonstrate their knowledge. Challenges to deepen understanding will be available.

Session	Key Knowledge	Key Skills	Outcome	Lesson suggestions / ideas
1	Retrieval from last academic year / Half term (Tick and Fix) Complete Brain Buzz to explore what the children already know about Monarchy Share Knowledge mat for unit and discuss the key knowledge and vocab that they will cover in this unit.			
2	William of Normandy was the last to invade Britain in 1066 There were 4 contenders for the English throne in 1066.	I can identify changes in monarchy and shifts in power. I can analyse why these changes happened using terms such as: social, religious, political and cultural.	Children will know that the last successful invasion of Britain was under William of Normandy in 1066. Children will be able to explain how William took the English throne.	Consider what Britain was like during the end of the Viking Age and the invasion of William. Look at the 4 contenders for the English throne on the death of Edward the Confessor. Look at strategy and tactics at Stamford Bridge and Hastings and what can be learnt from the Bayeux tapestry. Look at the claims which each had and prepare a campaign to gain support identifying strengths of contender and weaknesses of opponent
3	The War of the Roses was fought between Yorkshire and Lancashire.	I can describe the main changes in a period of history (using terms such as: social, religious, political, technological and cultural). I can analyse a wide range of evidence in order to justify claims about the past. I can explain that no single source of evidence gives the full answer to questions about the past. With support, I can refine lines of enquiry as appropriate.	Children will know that the War of the Roses was a series of battles fought between two families for control of Britain.	Look at the roses of Yorkshire and Lancashire and the Tudor Rose. What can they see? What clues might they give us about the Tudors? Look at the families York and Lancaster and why the War of the Roses was fought. Focus on the decisive battle at Bosworth and the tactics which made for Tudor victory.
4	Henry VIII broke from the Catholic Church in 1534.	I can describe the main changes in a period of history (using terms such as: social, religious, political, technological and cultural).	Children will know that under Henry VIII, England became Protestant. They will recognise that with subsequent rulers, there often came unrest	Show children an image of Henry VIII > What can they infer about him. Look at an image of the Catholic Church and a Protestant Church from Tudor England. What are the differences. Look at the break from the Catholic Church and how the religion of the country changed repeatedly over the next few years leading to persecution. Identify change and effect.
5	There was Civil War in England between 1642 and 1651 fought by the Cavaliers and Roundheads.	I can describe the main changes in a period of history (using terms such as: social, religious, political, technological and cultural).	Children will know that for a period of time in British history, the country was in Civil War, that there was no monarchy and Britain was ruled by Parliament. They will be able to express what is meant by the divine right of kings and how this was eroded as a result of the war.	Show children a picture of the remains of Bevery Gate and the painting of Charles I requesting access. What do they show? Look at the reasons behind the decline of absolutism in the monarchy and Parliament's dissatisfaction. Research Barebones parliament and the rule of Cromwell and Parliament and the restoration of the Monarchy.
6	Queen Victoria ruled over the largest Empire in the World.	I can describe some of the causes of changes in monarch. I can describe the consequences/ effects of these. I can compare the main changes in a period	Children will identify that at one point Britain ruled over the biggest empire in the world. They will be able to identify the current issues which this raises for people.	Look at a world map which shows the spread of the British Empire. Link back to slavery studied in the Autumn term. Why was this not a good thing?

		of history with the present day.		Look at today's view of Empire and how there are differing interpretations of events and in particular the treatment of people.
5	Produce Double Page Spread to share the knowledge they have learnt during the unit. For lower attaining pupils / SEND learners scaffold should be used to support them to demonstrate their knowledge. Challenges to deepen understanding will be available.			
After half term	Post quiz – Low stakes quiz to assess knowledge that has stuck from unit.
